*"This house is not the first house I have had built. However, it is the first house where building it was as much fun as moving in and making it mine. Sometimes the blush can wear off and the reality of what I purchased can fade. That is not so here. I love my home more than the day I moved in!*

*I watched it every step of the way as it was built, as Chris, my building superintendent knows! I was and am still impressed with the building quality and his attention to detail. I was also impressed with the fact that it was finished on time, with workers here almost every day! Cornerstone did everything possible to assure my move date was as they had agreed to. This is not something I have heard from others who have built homes.*

*Cornerstone Homes is above and beyond any contractor I have known; having a unique blend of design sense and aesthetics. Chris's knowledge of the building process and concern for both his product and for his customers made it a pleasure to work with him. (...)*

*Thank you all again for everything you have done to make my new home a pleasurable experience, from start to finish!"*

*Merideth Bliss*

*"My wife Kym and I recently had our custom home built by Cornerstone Homes. First of all buying or having one built is a big step and can be scary and nerve racking, but having Cornerstone build it made that step much easier to take. They are professional, but caring, taking every little detail into consideration when we had any kind of question from cost or timeline we had answers right away, as everything is handled here in Tucson no corporate office to deal with.*

*Our superintendent was Chris Norman. Chris built our house in 4 months, (...) this went like a finely tuned machine, and nothing was overlooked. We believe when you work or buy from someone they must have integrity and class, when Chris said something it happened and working through the office was the same way. We are highly pleased with the way Cornerstone built our home and would have them build again if we have the opportunity. If you are interested in buying or building a home through Cornerstone we would be honored to show you ours.*

*In closing we would like to share a short story. We had purchased a crystal chandelier to go in our entry way, well a couple of crystal's were missing we did not notice it but Chris noticed and made sure it was repaired he did it himself. There is a quote "The measure of a man's real character is what he would do if he would never be found out. "Integrity".*

*Thank you Chris & Cornerstone Homes."*

**... WE COULDN'T HAVE SAID IT  
BETTER OURSELVES**
